

Snazzy Baby Deluxe 3 in 1 Combo Carrier

Keeping track of all of the baby supplies can be exhausting. And when you're heading out for a trip? Forget it. There's barely room to fit the baby in, the car gets so packed.

Which is why we appreciate great items that can do double -- even triple duty. Take the Deluxe 3 in 1 Combo Carrier from [Snazzy Baby](#). Your baby can be strapped in to face you, face away from you or ride on either hip. It can be used for breast-feeding. And a portable travel chair feature lets you turn a regular chair -- or shopping cart -- into a high chair restraint, giving you a little freedom.

It also comes with a storage pouch for snacks, wipes or your phone. And -- bonus! -- each carrier comes with a free pair of Snazzy Baby Leg Warmers.

For children ages 4 months to 2 years, the carrier is \$79.99, at [Snazzybaby.us](#).
