

## Snazzy Baby {Snazzy Baby Deluxe Travel Chair Giveaway}

Great products evolve out of necessity!

[Snazzy Baby](#) evolved in 2003 when many years of research and development lead to the birth of Snazzy Baby Knee Pads, a project embarked upon when Cyndy and Brian Mundy's young son, Lucas screamed and cried while being bathed, as his rug burnt, red, tender and bruised knees hit the water. That first major developmental milestone had suddenly become a nightmare!

Snazzy Baby Knee Pads have allowed parents to enjoy their babies, no longer having to worry if their baby is crawling properly on any floor surface or asking themselves, What do we do with our baby when we want to be outdoors?

Little children with special needs around the world are now able to explore floor surfaces and get the right amount of traction to get up on their knees.

Our Research and Development team are driven by a strong desire to create products which are safe, fun and easy to use. Our new baby carrier and travel chair are two of our new products developed by Snazzy Baby.

Snazzy Baby products are available through a worldwide network of distributors and retailers.

Snazzy Baby is committed to developing and sourcing products designed to safely protect precious babies. We love products which simplify everyday life and allow parents to enjoy every minute of their lives with their baby, doing the things they want to do while ensuring their baby is protected when using our products. ~Snazzy Baby

It can always be a challenge to find that perfect spot for your little one to sit when out to dinner at restaurants or even at friends or families homes. Not all restaurants are baby friendly and not all homes are equipped with high chairs and booster seats ready and waiting for your little one! We have had several occasions with both children where there has not been a high chair available and we have had to eat holding a squirmy child in our lap...and trying to feed that little one in our laps. This can be quite a challenge! Snazzy Baby has created a perfect solution for this little problem! The [Snazzy Baby Deluxe Travel Chair](#) is perfect for use on the go! It can be used on any type of chair or even has a shopping cart restraint system, adding additional safety for your child. You can also use it as a lap seat which will allow you to hold your child hands free! This soft, portable, high

chair fits neatly into it's small travel bag for easy storage! Simply toss this little pouch in your diaper bag, purse, or even glove compartment and always have it with you for those sticky situations! I can't wait to give this little gem to my cousin as a baby gift! They are due at the end of the month with their first little one and I know the Snazzy Baby Deluxe Travel Chair will come to the rescue in the future for them!

Here are the Facts about the Snazzy Baby Travel Seat:

- Available Now – Snazzy Baby's All-Purpose 4 in 1 Travel Seat
- Attaches to any standard chair
